

<b>Karbantartási mérnök, villamos energia (Maintenance Engineer)</b>		<b>FEOR: 2121 13</b>
Érvényes: <b>2018.11.27 -2019.01.25</b> Azonosítók: <b>TD000102 - 4265876 (2004)</b>		
Foglalkoztató neve:	<b>SCHNEIDER ELECTRIC HUNGÁRIA VILL. ZRT.</b>	
Munkavégzés helye:	<b>8900 Zalaegerszeg Hock János út 55.</b>	
Állásjegyztetés helye:	<b>Az edina.jozsa@schneider-electric.com címen</b>	
Iskolai végzettség:	<b>főiskola; egyetem</b>	
Szakképzettség:	<b>Automata gyártórendszerek üzemeltetője; Gépészmérnök; Minőségbiztosítási felülvizsgáló és tanúsító; Villamosmérnök; Műszaki informatikai mérnök</b>	
Munkarend:	<b>kötött nappali munkavégzés</b>	Várható br. bér (Ft/hó): <small>megegyezés/ jogszabály szerint</small>
Felelős ügyintéző:	Radnótiné Sándor Ildikó	
Megjegyzés:	<p>Method Engineer Expert specialized in a specific high-tech area of knowledge for industrialization/manufacturing (Lean Manufacturing, simulation tools, cost analysis, etc...) in a site. Main activities Implement adaptation on the processes and manufacturing work station for existing products by improving the industrial performance, in manual process, automatic process &amp; PLC (Programmable Logic Control) using Schneider Production System (SPS) techniques and tools. Involved in the specifications and quotation of new line architectures and industrial scenarios in order to meet Safety/Quality/Lead Times and productivity requirements. Ensure the deployment of SPS principles and implements Lean/6 Sigma tools. Represent Manufacturing engineering function within the manufacturing meetings Manage the capacities adaptation with the dedicated tools Write operator work instructions for training Contribute to the development of new products (manufacturability, feasibility) Study the feasibility &amp; profitability of investments adapted to the needs. Qualifies means and processes, in plant but also at suppliers location. Pilots new productions ramp-up Expectations Has relevant engineer degree English and Hungarian language knowledge (min. intermediate level)</p>	

Strong in MS office  
Excellent communication skills  
LEAN knowledge
